

You Are Early..

a crypto cliché

We mean it as we haven't even launched at
the time of writing this WP

Question

Do you remember the last time
you read a whitepaper that was
lean and didn't bore?

This could be the one..

What is Ziptos?

A suite of smart tools designed for seamless transactions using smart apps available for “normies” on their phones. Ziptos ensures a frictionless experience, leveraging cutting-edge technology and coding skills to facilitate ultra-fast transfers and exchanges, codeless. Ideal for users who value time, performance and want to avoid the “queue” :-D

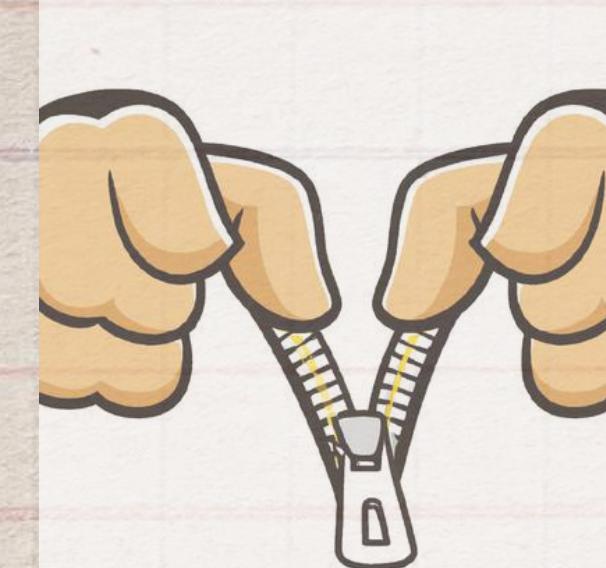

Ziptos delivers lean tech that does the heavy lifting at the back-end, making it the optimal choice for both everyday transactions and high-volume trading using state of the art tech.

Why Ziptos?

We offer all of the above at competitive fees, user friendly, secure, and lightning speed like Aptos. We have identified DeFi building opportunities at Aptos and we are taking it to next level. We are getting ready for the “meme” wave coming to Aptos

WHAT & WHY

#ZIPTOS

Meme+Utility= Memutility

Standout feature of #ZIPTOS **COMMUNITY**

WE ARE NOTHING WITHOUT OUR RELENTLESS, CALM and PASSIONATE COMMUNITY.
THAT IS WHAT WE BRING TO THE BLOCKCHAIN INDUSTRY
